Closed Captioning )

To: Deputy Chief, Policy Division, and Media Bureau:

**Petition for Exemption from Closed Captioning Requirements**

Miracle Temple Deliverance Ministries, submits this Petition of Exemption pursuant to 47 CFR section **79.1** (f) of the Rules and Regulations of the Federal Communication Commission.

In Implementation of section 305 of the Telecommunication Act of **1996** – Video Programming Accessibility, the commission established rules and implementation schedules for the closed captioning of video programming. In enacting section 713 Congress recognized that in certain limited circumstances the costs if caption may **impose** undue burden on video programming providers or owners and it authorized **the** commission to adopt appropriate exemptions. The **statute** requires the commission to consider the following factors:

- (1) The nature and cost of the closed caption for the programming
- (2) The impact on the operation of the provider or program owner;
- (3) The financial resources of the provider program owner
- (4) The type of operation provider or program owner.**

A petition of exemption must be supported by sufficient evidence that demonstrate compliance with the requirements to close caption video program will **cause** an undue burden.

**This** petition provides sufficient evidence to determine undue burden **as** defined by congress to be “significant difficulty or expense”. Outlined in Exhibit 1 are the Nature and Cost of the Closed Caption. **The cost of Closed Caption (only this does not include air time) would be \$15,600 per year. The church current program air time is \$8320.00 per year.** Our program is a public service and **has** little to no repeat value. As outlined in Exhibit 1 the cost of providing closed caption is a **187%** increase in what the ministry is currently paying to air its broadcast. This additional cost will impact our operation and will impose a significant increase in financial resources. The financial resources of the Miracle Temple Deliverance Ministries indicate no surplus in the budget to pay for the captioning services. WFSX Television and Apex Media (distributors of Programming) have not indicated there ability to offset or contribute to Captioning services. MTDM programming provides a vital service to the community. It teach the precepts and concepts of the Word of God ,it provide encouragement to those who are oppressed or depressed, it provide deliverance from those who are in bondage to life’s circumstance and situations, and it provide access to those who are homebound, indignant, or confined.

Furthermore, MTDM believes that the local, non-news exemption to the closed captioning rules also applies to Miracle Temple Deliverance Ministries Broadcast. As noted above, the program is produced and distributed locally, and the sermons of Miracle Temple Deliverance Ministries and /or an unscripted talk show ~~Christ~~ Lives in Me with Pastor Amanda Bryant ~~are~~ of primary local public interest. The episodes are not news, they do not have repeat value, and the electronic newsroom technique is not available. Notwithstanding the applicability of the exemption, we have filed this petition in abundance of caution and for the purpose of establishing certainty.

Therefore this petition is respectfully submitted ~~as~~ shown by this petition ~~and~~ its attachments, the Commission should grant a waiver of the closed captioning requirements in this case, because requiring closed captioning would create an undue burden. The costs of captioning would be excessively ~~high~~ and would have significant impact on Petitioners operation.

Respectfully Submitted

# Miracle Temple Deliverance Ministries

## Exhibit 1

Miracle Temple Deliverance Ministries broadcast is locally produced weekly church worship services. Miracle Temple Deliverance Ministries is located in Burgaw, North Carolina. MTDM weekly broadcast is a one hour program aired at 6:00am in the mornings at 6:00am on Sunday Mornings. This weekly broadcast is aired in a local viewing area. It is a crucial part of our outreach ministries. It assists us in getting the good news (Gospel) in rural areas and people lives are being transformed through the Word of God that is broadcast through our weekly programming. It is part of our mission “the Great Commission”. The Word of God is being broadcast in the prisons, in people homes and it is delivering, encouraging, and edifying the masses. MTDM is produced by volunteers that donate approximately 24 hours a week to produce our television broadcast. The value of the volunteer time is estimated to be \$360.00 per broadcast. The utilization of volunteers has allowed us to continue our programming and provide worship service to the many individuals that are thirsty for the Word of God. Miracle Temple Deliverance Ministries does not employ a broadcast media staff. Our broadcast team consist of members that volunteer there time to produce local programming and editing of media as a ministry. We currently have 24 hours of volunteer time per week to produce our one hour broadcast. We equate our current production cost per broadcast to be as follows:

Current Cost of MTDM Broadcast (per Broadcast)

WSFX Air Time	\$125.00
Supplies	\$ 15.00
Shipping	\$20.00
<hr/>	
Total Cost (Current)	\$160.00
Total Annual Cost	<b>\$8320.00</b>

Total Cost with Closed Caption (Per Broadcast)

WSFX Air Time	\$125.00
Supplies	\$ 15.00
Shipping	\$20.00
<b>*Closed Caption Services</b>	<b>\$300.00</b>
<hr/>	
Total Cost (Cost with Closed Caption )	\$460.00

Total Annual Cost (with Closed Caption) **\$23920.00**

The cost of Closed Captioned Programming will increase our Broadcast Cost 187%.  
This increase imposes an undue burden on the ministry.

\*Extensive research of Closed Caption services indicates that following cost factors to obtain closed caption on broadcast. There are a mirage of companies that provide the services. However the cost for the service is consistent. Of the many companies researched the three companies listed below prices were the most cost efficient. Nevertheless the cost efficient pricing increase our Broadcast cost 187%. The companies that were researched are as follows:

CCMaker \$300 per 1 hour Broadcast(Attached Exhibit 1)  
822 Guilford Avenue # 148  
Baltimore Maryland 21202  
1-800-527-0551  
[www.ccmaker.com](http://www.ccmaker.com)

CPCweb \$460.00 per 1 hour Broadcast (Attached Exhibit 1)  
1010 Rockville Pike #306  
Rockville, Md 20852  
1-800-977-6678  
[www.cpcweb.co](http://www.cpcweb.co)

Visualdata \$500.00 per 1 hour Broadcast (Attached Exhibit 1)

145 West Magnolia  
Burbank, Ca 91502  
818-558-3363  
[www.visualdatainc.com](http://www.visualdatainc.com)

The above reflect outsourcing broadcast production of closed captioning services. We currently operation our broadcast team with members volunteers. In-house production with closed captioning is not an alternative it would impose a significant burden.

Software, Equipment Cost and Staff would be as follows

Broadcast Media Staff	\$22,500.00
Software, Training and Equipment	\$ 8,500.00
AirTime	\$ 6,500.00
Total Cost of In-house Production with Captioning	\$35,000.00

Financial resources are not available as indicated on Financial Statement to pay staff and purchase equipment necessary to produce close caption programming.

**FCC Requires 100% captioning starting  
1/1/06.**

We sell an entry level closed-captioning system.

See details below, system is called ADDrollupCC-RT

## **NRB Show** (National Religious Broadcasters)

Orlando FL, Feb 18,19,20 (exhibit dates) booth #1063 (tech  
lab)

Will be showing our entry-level closed-captioning system;  
cost \$2000.

This will be our 3rd year at the show.

**We add closed-captions to the video you  
produce**

Cost is \$6 per video minute plus \$50; includes encoding, videotape, and 2<sup>nd</sup> day  
FedEx.

Client will be sent an open-captioned VHS proof copy at no charge.

Client sends us a professionally produced "master video" on BetaSP, DV/DVcam, or  
DVCpro25

and we create a closed-captioned professional master on BetaSP or DVcam using  
roll-up captions.

Example: A ten minute video using 'roll-up captions' would cost \$110.  
Add \$2/minute if verbatim script is not supplied.  
Add \$4/minute if pop-up captions are used instead of roll-up captions.

## **TV Spots**

TV Spots are \$100 per spot (:10 to :60); plus \$50 for tapestock and shipping.  
Script must be supplied on disk or emailed. Turnaround is two business days.

## **Music Videos**

Music Videos (up to 5 minutes) are \$175, includes BetaSP/DVcam videotape and shipping.

Script must be supplied on disk. Additional BetaSP/DVcam copy is \$35 (includes tape).

(We do not support DigiBeta decks)

**Church 8130-minute Infomercials:** \$200 for half-hour program.

Includes transcribing, tape, 2nd day shipping.

We do these a special way to reduce manpower; thus lower cost (We call it "just do it").

We transcribe it, format the text, email audio/text to client to proof, then make the CC master.

Meets FCC captioning requirements.

## **TECHNICAL DETAILS FOR PROFESSIONAL CAPTIONING**

Our encoder (hardware which adds the captions on line-21) uses component video in/out.

DV formats: we can accept DV, DVcam, DVCpro25 and master to DVcam. (all are small or large cassettes).

---

# **"Do your own Captioning"**

(units now in-stock!)

**ADDrollupCC-RT** (post-production only)

**\$2,000 (hardware & software)**

This captioning system integrates into your editing system and adds 'rollup' type captions to the video you produce. This configuration was designed to meet the closed-caption needs of a church, 30-minute infomercials, or in-house training videos; can be upgraded to the full **ADDrollupCC** system. This configuration adds closed-captions in real-time as you copy the video from your **EditingSystem/Deck** to your Record Deck.

The introductory price for **ADDrollupCC-RT** is \$2,000; this includes a professional line-21 closed-caption encoder manufactured by Link Electronics; encoder supports composite, s-vhs, and component video. The encoder connects between your EditingSystem/Deck and your Record Deck when creating the closed-captioned master. We suggest starting with **ADDrollupCC-RT** and upgrade to the full ADDrollupCC if needed (few clients have upgraded).

## **ADDrollupCC**    \$3,000 (hardware & software)

This system gives you more control over the captioning process. The system requires access to timecode which enables you to correct script/timing errors. It is a software upgrade from ADDrollupCC-RT.

(new 5/27/06)

To download ADDrollupCC-RT Demo, right click and do a 'Save Target As',  
(you must unzip the file and then do the install)

To download a diagram of the system.  
right click and do a 'Save Target As', this is a pdf file

## **Transcribing Service:**

We do 'draft level' transcribing for \$50 per half-hour.

You use the Internet to send us an mp3/wma of the audio and we email back a text file.

# **Add Captions to streaming video on the web!**

**(Windows Media Video, Quicktime, RealOne)**

## **Captioning Windows Media Video**

You put the video up on your server and we create the companion captioning file for the player.

Take a look at our demo using the Windows Media Player: (you need to turn captions 'on' on the **WMP**)  
("Right-click and "open in new window") **Do not double-click** here.

Run Windows Media Plaver with demo

Run Video on IE page using the Windows Media Player

- If you are on a **MAC** or have problems, email me and I'll send you a CD of these files

■  
**\$5 per minute of video; client supplies video file and a script file.**

Add **\$2/minute** if verbatim script is not supplied.

(We have a lower price for 'course content videos' for colleges.)

## iTunes & iPod Captioning (new 9/25/06)

This link will download a zipped file.

[www.ccmakerftp.com/QT\\_iTunes\\_IPod2.zip](http://www.ccmakerftp.com/QT_iTunes_IPod2.zip)

This captioned file will work with Quicktime (Mac/Pc) or iTunes (Mac/Pc) plus you can download it to an iPod. The text is very readable on an iPod.

# Add Subtitles to DVDs using DVDStudioPro

Adding subtitles to a DVD you create in DVDStudioPro is not fun. DVDStudioPro includes a subtitle editor but the process of using it is painfully slow. You create a subtitle block, set the in/out timecode points, check the sync, then move onto the next subtitle block. We just did the subtitling for a 20-minute DVD – it contained 316 subtitle blocks!

A better and more cost effective way is for you to FTP us your videos in **mp4**, we create a STL subtitle file which you import onto a subtitle track. You still have to make minor adjustments to some of the in/out points. You have the same options as if you had manually created the subtitles; font, font size, color, position (left/right/center), timecode in/out points.

We have a MAC with DVDStudioPro so that we can fully test the STL file before sending it to the client. We are a PC shop but purchased this system because there are so many horror stories on the Internet concerning DVDStudioPro and **subtitles**.

If you have an interest in this service, email me and I'll email you a 'test' STL file with instruction on how to place it on the subtitle track. You can use any video, the demo just illustrates how easy it is to use a STL subtitle file.

**\$7 per minute of video; client supplies mp4 file and a script file, \$50 minimum.**

---

## **“VHS videotapes used in the Classroom”**

This unique college/university service was designed to make existing VHS videos in your school's library accessible to a deaf/hoh student. Client sends us a non-captioned VHS videotape and we return it unaltered plus an opencaptioned DVD. You can use this DVD to make VHS copies.

Cost is \$4 per video minute which includes transcribing, videotape, and shipping. We use roll-up type captions; this is the format "The History Channel" uses for their evening programming. Thus, a 30-minute video is exactly \$120. The captions roll-up on the top of the screen or the bottom.

(K-12 only. we are trying a new process at a lower cost !!!)      new 1/07
